

Bearing Module 58

- **Article-No.: 85-900-077 / 85-900-078**
- **Use**
 - Heavy industry
 - Rolling mills
 - Presses
- **Delivery occurs completely in a mounted manner with a custom-designed encoder type or can be attached later**

General characteristic data

Description

The Bearing-Module 58 is used as bearing adapter for our 58 encoder types, to absorb excessive bearing loads. A typical application is the attachment of a chain disc or belt disc.
 85-900 077: 10er shaft
 85-900-078: 12er shaft

Mounting - Overview

Encoderanbau
Encoder bolt on

(nicht im Lieferumfang)
Without extent of supply

Zentrierung Grundflansch
Centering basic flange

Schraube / screw M3x35
DIN912 Nr. / No. 27-004-086
3 Stück / pieces
im Lieferumfang / extent of supply

CE-58 ohne Flanschring
/ without flange ring

Bearing Module

3xM3 Tiefe / depth 5, Tk44

Schraube / screw M3x35
DIN912 Nr. / No. 27-004-086
3 Stück / pieces
im Lieferumfang / extent of supply

Art-Nr. / PO- No.	Dw	Lw	Bemerkung / Remark
85-900-077	∅10	Lw=20	mit Abflachung 1mm / with flattening out
85-900-078	∅12	Lw=25	ohne Abflachung / without flattening out
